

NEW R-32 MODELS

## DAIKIN PACKAGED UNITS

ENERGY-EFFICIENT / HIGH EFFICIENCY  
UP TO 15.2 SEER2, UP TO 6.7 HSPF2

**Today, the air is perfect.** Perfect temperature. Perfect humidity. Perfectly clean and fresh, like just after a rainstorm. And the only thing more perfect than this outdoor scenario is that it's all happening inside. Because that's where we work. That's where we play, where we sleep, where we truly live.

And that's why at Daikin, we aim to make the air inside as refreshing as the outside. Better comfort. Better control and efficiency. Better quality. So you can create your own unique ecosystem. And everyday is perfect. **Inside and out.**

### *Perfecting The Air We Share*

Daikin makes indoor spaces comfortable for living, working, and thriving. We address North America's unique climate needs for comfort and energy efficiency with relentless innovation, leading to a sustainable world. Our dedication ensures world-class indoor comfort solutions for your home or business — today and tomorrow.

## WHERE COMFORT MEETS INNOVATION.

Daikin is a global leader of indoor comfort solutions with millions of systems installed throughout the world. Daikin has been improving the comfort of its customers with exceptional products and services for many generations. As a company whose core business is that of heating and cooling homes and buildings, Daikin takes particular focus on the air you live in.

Air is essential to our existence and Daikin's role and responsibility in protecting it continues to expand. Daikin is devoted, with unbridled passion, to overcoming the ever-evolving challenges of the air around us. Leveraging our leading, cutting edge technologies with a holistic focus on performance, reliability, design, aesthetics, indoor air environment, ease of use and efficiency, we create outstanding products and system solutions to realize a comfortable

and sustainable living environment for all people and all regions of the world.

This is *Perfecting The Air We Share*, and this is what Daikin is all about.

The opportunity to experience Daikin's advanced technologies and solutions is now more accessible than ever before. Cementing our corporate mission of being "globally-local", Daikin has invested over \$400 million in our state of the art production facility on the outskirts of Houston, TX. The Daikin Texas Technology Park is a sprawling campus covering more than 4 million sq. ft. with more than 4,000+ personnel. The facility practices Daikin's philosophy of a full 360 degree focus to research and development, manufacturing quality and reliability, robust sales networks and extensive support infrastructure.

BE SURE TO WATCH OUR  
DAIKIN INTRODUCTION  
VIDEO ON YOUTUBE!

[www.youtube.com/user/DaikinComfort](http://www.youtube.com/user/DaikinComfort)

Daikin prides itself on its **specialized focus to heating and cooling** and extends this pride to a meticulous **commitment** to the design, operation, performance and reliability of all its systems and solutions, including the key components inside those systems. Daikin designs and manufactures many of the components that make up our systems — including the heat exchangers, coils, sheet metal parts, fan blades, and the heart of the system — the **Inverter-driven, variable-speed compressor\***.

\*On select models.

### Efficient and dependable compressors for worry-free comfort

Daikin's variable-speed Inverter compressor\* technology is currently providing energy efficient indoor comfort with over 50 million units installed worldwide. This proven technology automatically adjusts the performance of the system's compressor to match the demand needed to achieve the temperature you have selected on the thermostat. It is like having cruise control for your home's indoor comfort. Precise adjustments are being made automatically with the goal of providing consistent comfort at exceptionally low levels of energy consumption. Compare this to a single speed compressor and immediately you'll see the benefits of the Inverter technology compressor. Daikin designs, engineers, and manufactures its own variable-speed Inverter compressors. Rest assured that you are getting a proven design — you are getting Daikin Inside.

Take comfort in your decision

## Elevate your expectations and get more out of your home's indoor comfort system performance

As you think about the functionality of your home's indoor comfort system, the Daikin portfolio of solutions is ready to help you achieve control, energy efficiency and long-term peace of mind. Take that attention to quality one step further by considering a state of the art Daikin brand variable-speed, energy-efficient system. We have designed and engineered all of our products to provide years of consistent indoor comfort — delivering you and your family the type of comfort you never thought possible.

## Bold performance

A better understanding of how people inhabit their living spaces and make lifestyle choices has led to products designed to create indoor environments that help use energy resources effectively.

A Daikin air conditioner with a variable-speed compressor provides efficient and economical cooling performance. Enhance the efficiency of your system year round by combining your Daikin air conditioner with a Daikin cooling coil and high-efficiency gas furnace for the cold winter months. For replacement or new construction, a Daikin system will provide efficient comfort to your family for years to come.

## The right choice to replace R-410A.

### Proven. Easy. Available. Efficient.

**Step into the future of home comfort** with Daikin's line of residential products. As a global leader in air conditioning, Daikin is committed to innovation that enhances your home comfort with the use of low global warming potential (GWP) R-32 refrigerant. Our new R-32 products have been designed to meet efficiency, reliability, and comfort needs, while helping reduce impact on the environment with a lower GWP refrigerant compared to R-410A.

- » **Innovation:** With R-32's lower global warming potential (compared to previous R-410A) you can reduce your impact on the environment while enjoying outstanding cooling and heating at home.
- » **Efficiency:** Daikin's use of R-32 refrigerant and our game-changing inverter technology provides overall energy efficiency, leading to low utility bills and energy consumption.
- » **Durability:** Daikin's legacy of over 100 years ensures each product is built to last, delivering reliable performance and comfort year after year.
- » **Intelligent:** Many Daikin systems integrate with smart home technologies, making it easy to control

and optimize your home's climate. Additionally, for homeowners who want to step their indoor comfort up even more, ask about the Daikin systems that connect to the Daikin *One* thermostats, the Daikin cloud, and how to address other indoor air quality concerns.

- » **Peace of Mind:** Confident in our quality, Daikin offers robust limited warranties\*, ensuring your investment brings long-term comfort and peace of mind.

### Aligning with Goals of:

- » **Lower GWP refrigerant — reduce impact at the source:** Utilizing a refrigerant with lower Global Warming Potential (GWP) compared to conventional refrigerants, like R-410A.
- » **Sustainability:** Easy to top off, or clean and reuse on-site and easy to reclaim and recycle.

Comfort-enhancing features that help deliver better comfort

## PACKAGE HEAT PUMPS – UP TO 15.2 SEER2, UP TO 6.7 HSPF2 PERFORMANCE\*

DP5HH / DP5HM / DP3HH / DP3HM

- 1 Energy-efficient scroll compressor** provides reliable cooling for lower energy bills compared to lower SEER2 units.
- 2 Refrigeration-grade premium copper tubing** and aluminum fin condenser coil configuration delivers outstanding heat transfer properties with R-32 refrigerant.
- 3 Heavy-gauge galvanized steel** enclosure with powder-paint finish protects your system from outdoor elements.

- 4 Fully-insulated blower compartment** with convenient access panels.
- 5 Quiet operation** – Acoustically engineered sound control blanket helps reduce noise levels compared to units without sound blankets.

**R32**

\* Some features/technology vary by model.

## PACKAGE AIR CONDITIONER – UP TO 13.4 SEER2 PERFORMANCE\*

DP3CH

- 1 Energy-efficient scroll compressor** provides reliable cooling for lower energy bills compared to lower SEER2 units.
- 2 Refrigeration-grade** premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant.
- 3 Heavy-gauge galvanized steel** enclosure with powder-paint finish protects your system from outdoor elements.
- 4 Fully-insulated blower compartment** with convenient access panels.
- 5 Quiet operation** – Acoustically engineered sound control blanket helps reduce noise levels compared to units without sound blankets.

\* Some features/technology vary by model.

## PACKAGE GAS/ELECTRIC UNITS – UP TO 15.2 SEER2, 81 % AFUE PERFORMANCE\*

### DP5GM / DP5UM / DP3GM / DP3UM

**Refrigeration-grade** premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-32 refrigerant.

**Heavy-gauge galvanized steel** enclosure with powder-paint finish protects your system from outdoor elements.

**Fully-insulated blower compartment** with convenient access panels.

**Quiet operation** – Acoustically engineered sound control blanket helps reduce noise levels compared to units without sound blankets.

**Tubular stainless steel heat exchanger** for outstanding durability and heat transfer.

**R32**

\* Some features/technology vary by model.

## PACKAGE DUAL FUEL UNITS – 13.4 SEER2, 81 % AFUE PERFORMANCE\*

### DP3DM

**Refrigeration-grade** premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant.

**Heavy-gauge galvanized steel** enclosure with powder-paint finish protects your system from outdoor elements.

**Energy-efficient scroll compressor** provides up to 13.4 SEER2 cooling and up to 6.7 HSPF2 heating performance for lower energy bills compared to lower SEER2 rated units.

**Fully-insulated blower compartment** with convenient access panels.

**Quiet operation** – Acoustically engineered sound control blanket helps reduce noise levels compared to units without sound blankets.

**Gas heat section** provides additional heating capacity with up to 81% AFUE.

**Tubular stainless steel heat exchanger** for outstanding durability and heat transfer.

\* Some features/technology vary by model.

Products are nothing without the right contractors to support them

## "I'm a Daikin *Comfort Pro*"

Those five simple words can offer you comfort like you've never experienced. The words mean that the contractor you invited into your home is a highly-qualified and continuously-trained professional who will quickly, efficiently

and effectively help to solve any of your indoor comfort needs.

All Daikin *Comfort Pro* contractors seek to achieve the highest levels of customer service, business integrity, and technical competency. These range from maintaining an excellent rating with their local Better Business Bureau (BBB) to taking continuing education classes on how best to install and service Daikin brand products. To retain this status, Daikin *Comfort Pros* must deliver their best abilities to each and every customer, year after year.

### A commitment to your comfort

Daikin *Comfort Pros* believe that a well-informed homeowner is the best possible customer. All *Comfort Pros* will take the time to help understand your unique comfort needs, assess the performance of your current indoor comfort system, and thoroughly discuss all options with you.

### A commitment to provide you the right service and products

Daikin *Comfort Pros* have access to one of the most complete lines of indoor comfort products and systems available. As a leading manufacturer of HVAC equipment, Daikin offers you a full line of comfort solutions that ensures that a Daikin *Comfort Pro* can provide the perfect solution to your home.

### A commitment to serve you over the long term

Daikin *Comfort Pros* want to earn your business. They want to be your long-term provider for all your indoor comfort needs. To help deliver on this commitment, you can take peace of mind with the limited warranty\* coverage offered on your Daikin brand indoor comfort product. The Daikin *Comfort Pro* has access to Daikin's outstanding limited warranty\* programs.

\*Complete warranty details available from your local dealer/contractor or at [www.daikincomfort.com](http://www.daikincomfort.com).

If, for any reason, the Daikin *Comfort Pro* has not met your expectations within one year of your equipment or system installation, please contact the installing Daikin *Comfort Pro* who installed your system and ask them to honor the Daikin Comfort Promise.

As part of formally maintaining the Daikin *Comfort Pro* distinction, the Daikin *Comfort Pro* will make all reasonable

efforts to resolve any concerns you have within one year of your equipment installation with no additional labor charges. If a Daikin Comfort Professional does not meet your expectations, they risk losing the ability to sell Daikin products. With the Daikin Comfort Promise, you can have peace of mind that your Daikin *Comfort Pro* will continue to earn your business well after the installation.

Financing Options.**

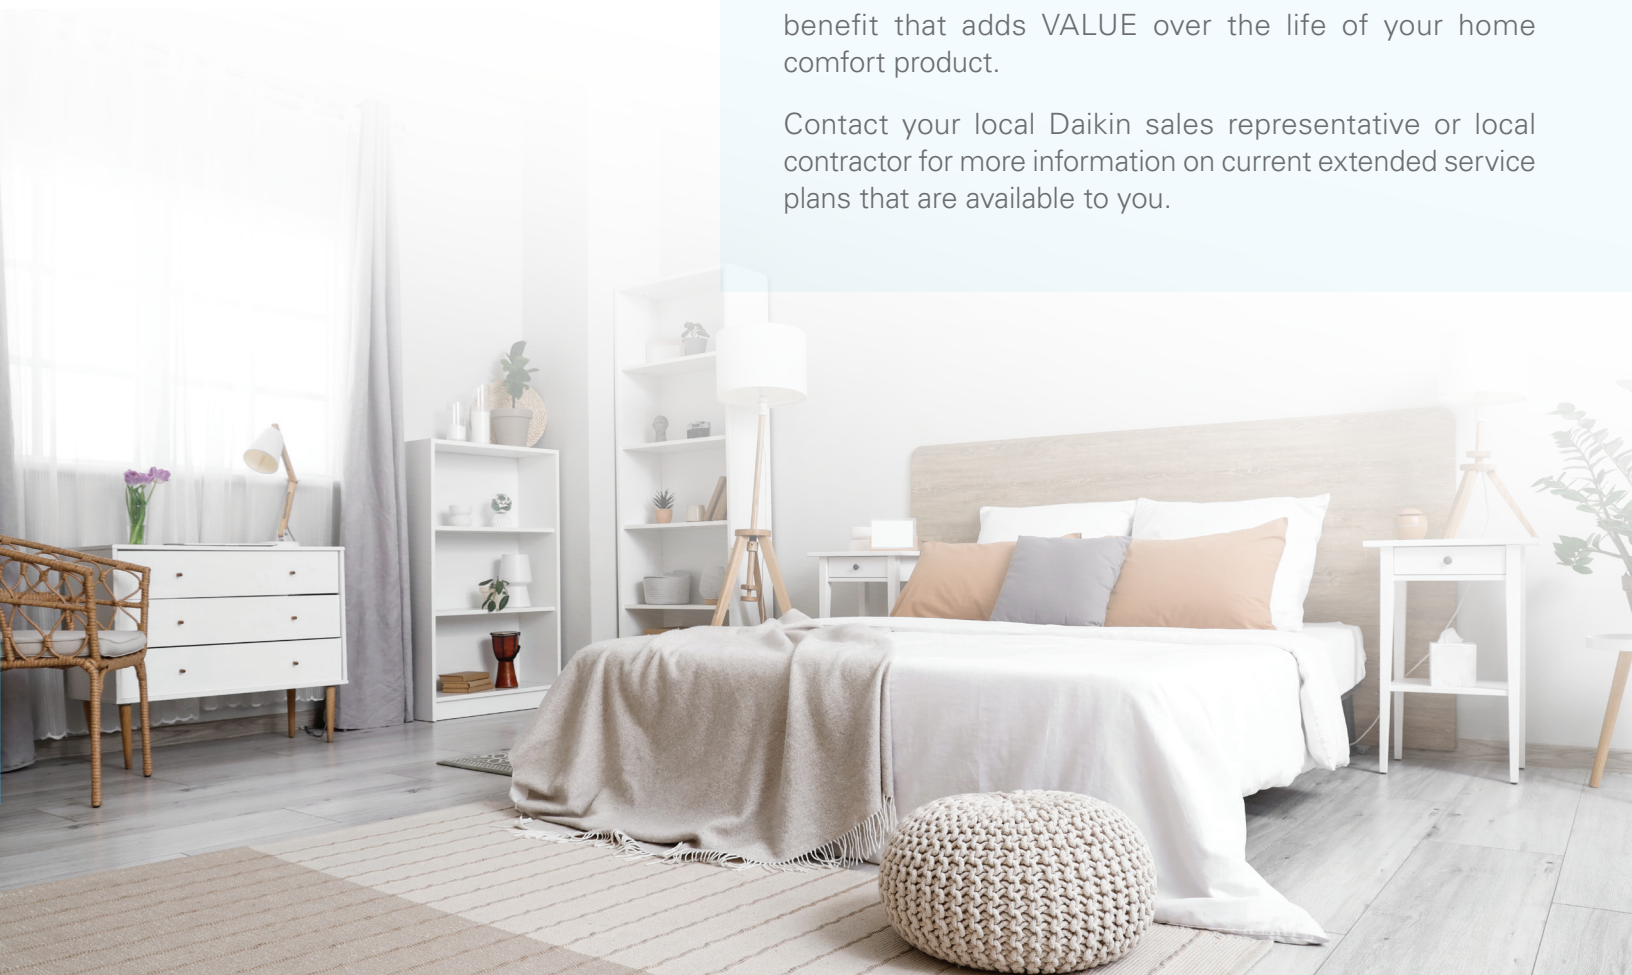

Add further peace of mind with our comprehensive options for extended service plans.

Daikin understands that you expect to enjoy years of uninterrupted service from your home comfort system. By including an *ASURE* Extended Service Plan you can have peace of mind knowing that you won't be faced with unexpected repair or part replacement costs for your heating and air conditioning system. For only pennies a day, your can be protected from the unplanned cost of a service call and from the increasing cost of service over the life of your equipment.

- » No unexpected repair bills
- » Prompt service provided by an authorized *ASURE* contractor
- » All repairs performed with Daikin brand replacement parts
- » No pre-authorization required

These benefits mean that you can count on staying cool in the summer and warm in the winter — an AFFORDABLE benefit that adds VALUE over the life of your home comfort product.

Contact your local Daikin sales representative or local contractor for more information on current extended service plans that are available to you.

## About Daikin:

Daikin Industries, Ltd. (DIL) is a global Fortune 1000 company and is recognized as one of the largest HVAC (Heating, Ventilation, Air Conditioning) manufacturers in the world. Founded in 1924, Daikin celebrated 100 years of HVAC worldwide leadership in 2024. DIL is primarily engaged in developing indoor comfort systems and refrigeration products for residential, commercial, and industrial applications. Its consistent success is derived, in part, from a focus on innovative, energy-efficient, and premium quality indoor climate and comfort management solutions.

### WARNINGS:

- » Always use a licensed installer or contractor to install this product. Do not try to install the product yourself. Improper installation can result in water or refrigerant leakage, electrical shock, fire or explosion.
- » Use only those parts and accessories supplied or specified by Daikin. Ask a licensed contractor to install those parts and accessories. Use of unauthorized parts and accessories or improper installation of parts and accessories can result in water or refrigerant leakage, electrical shock, fire or explosion.
- » Read the Product Manual carefully before using this product. The Product Manuals provide important safety instructions and warnings. Be sure to follow these instructions and warnings.
- » For any inquiries, contact your local Daikin sales office.

### ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.
