

TECH HUB

Streamlined Product and Technical Guidance

Why wait for service support? With the new Daikin *Tech Hub* app, you no longer have to. Daikin *Tech Hub* is developed to assist in your daily work by providing Daikin product technical and service information through an easy to use mobile app platform.

- » Hub of Daikin technical information available at your fingertips
- » Swiftly access the correct service details
- » Reduce downtime and delays in servicing equipment
- » Improve productivity

Access all details in one place:

- » Technical Specs
- » Documents
- » Error Codes
- » Thermistor Settings
- » Pressure Transducer
- » Refrigerant Charge
- » Field Settings
- » Videos
- » Warranty
- » Training
- » Chat and much more!

Additional Features:

- » Available on iOS and *Android* devices

- » Work in Online and Offline modes
- » One login for all Daikin applications
- » Bookmark and Share

Convenience:

One central hub for all the information you need to install and maintain Daikin equipment. The *Tech Hub* app allows on-demand access to useful information, without having to call technical support.

Customize:

Save favorite and frequently used documents in personal folders that can be used in offline mode. Use detailed search to target specific training dates, locations, and courses.

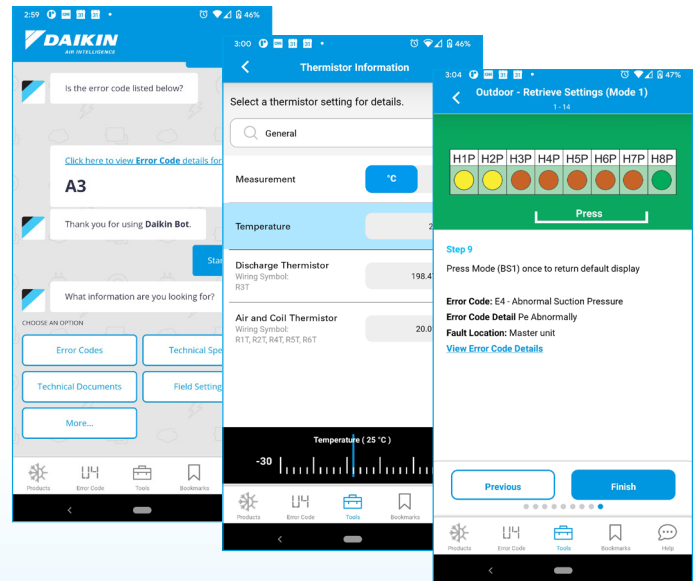

Visual:

Vast bank of troubleshooting information explained through easy to understand charts, diagrams, graphics, and videos.

Empower:

Access to all information needed for self-help including 2-way interactive screens, and guided chatbot, without having to wait on a call center technician.
